Hi [],

I decided to get more involved in local and state politics to try to do something constructive. I am working on voting rights and expanding voting access in Hawaii.

Hawaii consistently ranks last in voter turnout. Hawaii needs to modernize its elections to increase the efficiency, accuracy and security of our elections. Voters expect 21st Century efficiency and service. By working together to support programs like Automatic Voter Registration and Vote By Mail, we can ensure that voting is accessible FOR EVERYONE and ensure that every vote is heard.
